

Configuration template

Table 1: Transfer area IO controller to I-device

Name transfer area	Hardware identifier in I-device	Hardware identifier in IO controller

Table 2: Transfer area I-device to IO controller

Name transfer area	Hardware identifier in I-device	Hardware identifier in IO controller

Table 3: Program in IO controller

Parameter	RCVDP	SENDDP
DP_DP_ID		
LADDR		

Table 4: Program in I-device

Parameter	RCVDP	SENDDP
DP_DP_ID		
LADDR		

Example

Table 1: Transfer area IO controller to I-device

Name transfer area	Hardware identifier in I-device	Hardware identifier in IO controller
F-CD_IO-controller_to_I-device	260	270

Table 2: Transfer area I-Device to IO controller

Name transfer area	Hardware identifier in I-device	Hardware identifier in IO controller
F-CD_I-device_to_IO-controller	261	271

Table 3: Program in IO controller

Parameter	RCVDP	SENDDP
DP_DP_ID	2	1
LADDR	271	270

Table 4: Program in I-device

Parameter	RCVDP	SENDDP
DP_DP_ID	1	2
LADDR	260	261
