1 Subsequently installing the S7USB driver under STARTER

Instructions to manually install a driver under Windows 7

Table 1-1

| Step | Description | |
|------|--|--|
| 1. | Start the device manager by right clicking on "Computer" and "Management"; or in the search field of the start menu, enter "Device manager". | |
| 2. | The window shown to the right opens. At the top of this window, right click on the PC name and in the context menu on, "Add legacy hardware". Leave the Welcome window with "Next". |  |
| 3. | In the hardware wizard, manually select your hardware from the list and install (...) this; then click on Next. |  |
| 4. | In the list of hardware types, search for "SIMATIC NET", select, and then click on "Next". If this type is not available, select "Show all devices" and select "Next". |  |

1 Subsequently installing the S7USB driver under STARTER

| Step | Description | |
|------|---|--|
| 5. | <p>Here, select "SIMATIC USB", and continue with Point 9.</p> <p>If "SIMATIC USB" cannot be selected, then continue with Point 6</p> |  |
| 6. | <p>Click on data storage medium</p> |  |
| 7. | <p>Now click on Search and go to the folder C:\Program Files\Common Files\Siemens\Automation\Simatic OAM\Drivers. Please select a folder without a lock symbol. In this folder, click on any INF file and confirm with OK. Also confirm the window with OK (2.). The <i>SIMATIC USB</i> driver should now be displayed.</p> |  |
| 8. | <p>Now select the SIMATIC USB driver and click on Next.</p> |  |

1 Subsequently installing the S7USB driver under STARTER

| Step | Description | |
|------|--|--|
| 9. | To install the driver, confirm with Next. |  |
| 10. | You complete the installation with the Finish command. |  |
| 11. | Now open the Device Manager. After opening the SIMATIC NET class, all of the drivers should now be listed. |  |

NOTE

The operating system may prompt you to restart the PC, please confirm the restart with YES
