

внешний трансформатор тока для нейтрального проводника, In = 25...150 A, принадлежность для: 3VA2/6

| версия                   |                            |
|--------------------------|----------------------------|
| торговая марка изделия   | SETRON                     |
| принадлежности           | внешний трансформатор тока |
| Механическая конструкция |                            |
| высота                   | 30 mm                      |
| ширина                   | 125 mm                     |
| глубина                  | 140 mm                     |
| масса нетто              | 580 g                      |
| Сертификаты              |                            |
| General Product Approval | EMV                        |
